Marks Pryor Heavy Duty & Reverse Punch Sets

Sharp faced characters

Ideal for a whole range of marking uses on anything from aluminium to stainless steel

Reverse Punches are available for use when a negative impression is required, particularly in forging or moulding applications, to produce a positive or readable inscription on a moulded or cast components.

Marks Pryor Dotstress Punches

Introduced for even greater reduced stress levels and enhanced fatigue properties. Producing a character with similar rounded nose formation to Ministress but with the added benefit of impressing the character in a dot formation.

Marks Pryor Dotstress Punches are packed in sets of 26 letters or 10 figures.
